Dear Business Owner:

The City of Moriarty, in collaboration with the Moriarty Chamber of Commerce, Torrance County, and the Towns of Edgewood and Estancia, welcome the opportunity to bring solid resources to assist you through these tough economic times.

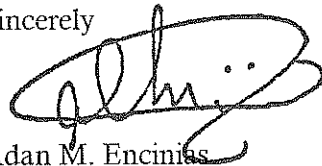

A Regional Small Business Forum has been planned for Thursday, February 25 starting shortly after lunch around 1:00 p.m. at the Moriarty Civic Center. We feel the timing to be perfect, as the 2010 NM Legislature will have just adjourned. By law, the Governor has ten days to sign legislation into law. We're hopeful that the Governor will not have signed all the legislative bills, and that we will have time to address our concerns.

Every local business is critical to our local economies. Now, more than ever, we have to work together. The Department of Workforce Solutions – Economic Research & Analysis has agreed to present the most current economic projections--indicators that should not be taken lightly. We want to bring you information and resources that are of quality and substantive, and that may positively affect your bottom line.

Please mark you calendar and block out the afternoon. If there are specific resources that you would like to have available, let us know as soon as possible. Please free to contact us via email or by phone: mayor@moriartynm.org or 832.4407 or 832.4087.

We look forward to seeing you!

Sincerely

Adan M. Encinias
Mayor
